

To the manager of my local grocery store:

I love shopping at your store because I usually find everything my family, guests and I are looking for. However, I see that you are not currently stocking **Judy G's Gluten-free allergen friendly pizzas** or **Moments vegan superfood cakes** in your freezer section. Perhaps you are not familiar with them?

Judy G Foods makes truly delicious pizzas that are free of, not only gluten, but up to all 10 common food allergens. For people like me, who cannot eat traditionally prepared pizza due to a special diet, Judy G pizza is a revelation! They also make indulgent vegan, superfood food cakes.

Judy G Foods launched in 2006 with the first gluten-free pizza line in North America. The pizzas are now a staple in grocery freezers throughout Canada. This is over 14 years of Keeping Life Delicious!

Here is a list of **Judy G Foods'** various products. I've checked off the ones I would really like to buy at your store. Could you please assist and bring them in?
